

15.2 Supporting land ecosystems through education

15.2.4 Educational Programs on Ecosystems

USU has faculties that offer major programs related to ecosystems, such as the Faculty of Forestry, Faculty of Agriculture, Faculty of Mathematics and Natural Sciences, Faculty of Engineering, and the Graduate School of the Natural Resources Management Study Program. The Faculty of Forestry has four departments, namely: (i) Forest Management, (ii) Forest Products Technology, (iii) Silviculture, and (iv) Forest Resource Conservation, while the Faculty of Agriculture has several related study programs such as agro-ecotechnology, animal husbandry, and management of aquatic resources. The faculty of Engineering has undergraduate program in environmental engineering.

Evidences for Educational Programs on Ecosystems

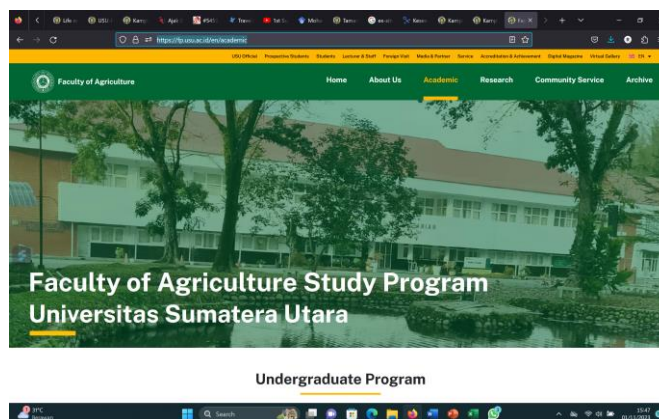

1. Faculty of Forestry
